

# Mobile Phone Consultation

October 2011

Staff, student and parent views are very important to us as we continue to strive to keep channels of communication open and engage in dialogue to move the school forward in the best interests of all parties. As promised, the consultation with regards the use of mobile devices in Collegiate High School is now open.

Here are some possible options and we would like you to consider the pros and cons of each carefully. It would be also very useful if you have further options / ideas that could be considered – please note these on the back of the sheet.

Completed forms to Diana Martin by 14<sup>th</sup> October 2011. Thank you.

Option		Pros	Cons
1	To ban mobile devices completely from the school and confiscate them when seen.		
Comments and issues to consider in reality if this is adopted?			
2	To ban mobile devices completely from classrooms and confiscate them when seen.		
Comments and issues to consider in reality if this is adopted?			
3	To ban the use of mobile devices during lessons and confiscate them when seen, <b>unless</b> the teacher wishes them to be used as a learning tool which will be clearly set out to students.		
Comments and issues to consider in reality if this is adopted?			
4	To ban completely the use of mobile devices during lessons and use the C system when seen.		
Comments and issues to consider in reality if this is adopted?			
5	To ban the use of mobile devices during lessons and use the C system when seen, <b>unless</b> the teacher wishes them to be used as a learning tool which will be clearly set out to students.		
Comments and issues to consider in reality if this is adopted?			

**WHICH IS YOUR PREFERRED OPTION AND WHY?**
